CE LA PUOI FARE!

Comprehensible Input for the Italian classroom

Saturday February 8, 2020

8:45 to 10:15

Featuring: JoyceAnna D'Alessandro

Join us on Saturday, February 8, as we explore possibilities, techniques and materials which use Comprehensible Input as the driving force in our Italian classrooms. CI receives much usage and attention from our colleagues teaching other languages, but materials are not so readily available for the Italian Classroom. Teachers who wish to incorporate more CI or use CI as the primary driving force in the Italian classroom often must create their own materials. This webinar will demonstrate CI in usage in JoyceAnna's classroom and also give tips and resources on how to get started!

About our presenter:

JoyceAnna D'Alessandro, a heritage speaker of Sicilian and Italian, has been a public-school teacher for over two decades. Her career includes teaching middle school exploratory through Advanced Placement. She currently teaches both Italian and French in Cherry Hill, NJ. Never having limited herself to "traditional" methods in her classroom, JoyceAnna has now left grammar syllabus teaching entirely behind to fully embrace Comprehensible Input. A blogger, TPT teacher-author, and GoogleCertifiedEducatorLevel1, she created a virtual PLN for Italian CI teachers on Facebook: <https://www.facebook.com/groups/italiancitprs/>
